

The SPLASH300 is a weatherproof all-in-one sound system. Portable and wireless, you can take this trolley sound system anywhere and play music from its input options such as USB or an external device via AUX. BT 5.0 wireless music streaming allows you to connect and stream audio from all of your favourite devices like smartphones, tablets, laptops, etc. Thanks to the built-in rechargeable battery, retractable handle and sturdy wheels, this sound system is ideal for any outdoor or indoor activities. This SPLASH300 portable sound system thanks to its bass boost system and colour changing LED ring on the front.
